

ITS PUMPKIN PANDEMONIUM

Saturday 31st October 2pm – 5pm

Maia Lane Community Centre

The number 1 pumpkin growing competition

The day of the grand pumpkin judging is nearly here.

How is your pumpkin doing? Do you think it might be a winner?

There's only one way to find out and that's bring it along to be judged at

The Pumpkin Pandemonium Party

Only then will we know if you've grown a *Mighty Monster* or a *Titchy Tiddler!*

We've got the tape measure and the scales all ready

And a special prize for the champion grower!

Got a pumpkin that's not that big or had no luck growing one this year? Don't worry, you can enter any pumpkin in the ***Best Decorated Pumpkin Competition***.

All you do is use a smaller pumpkin (it doesn't matter if you buy one) and decorate it however you like. You may choose to go down the traditional route and carve a face on it or you may like to have an ART ATTACK and paint it, dress it up, stick things on it or do something else crazy and exciting with it.

In the world of ***Pumpkin Pandemonium*** anything goes.

Please bring all your pumpkins to the hall between 12pm and 2pm

Kids - Enter the competition for the ***Scariest Halloween Mask***. Any type of mask will do but its got to be really scary. You can decorate it however you like. Traditionally Halloween Masks were made from bats wings decorated with dragons' teeth held together by spiders web. But if your Dad hasn't killed any dragons recently and doesn't know how to catch bats you can probably get some stuff from W H Smith. You might find however, that things you have got lying around the house can also be put to good use. The Decorated Pumpkins and the Scary Masks will be judged by two local (friendly) witches Awful Angela and Putrid Pat so try to come up with something that will blow their broomsticks off!

Other fun Halloween activities will also be taking place.
