

ITS PUMPKIN PANDEMONIUM

The number 1 pumpkin growing competition

Prizes for the biggest pumpkins!

Prizes for the heaviest pumpkins!

Prizes for the best decorated pumpkins!

Prizes just for taking part!

You are invited to take part in Pumpkin Pandemonium – a cool competition to find the top pumpkin grower in the district.

To take part all you have to do is grow The biggest pumpkin you can.

It doesn't matter what variety it is! It doesn't matter what colour it is! It doesn't matter what shape it is! It just needs to be the biggest pumpkin you can possibly grow!

You need to get planting your seeds quite soon.

They do best if you start them off indoors on a window sill or in a greenhouse.

Later on you can plant them out in the garden.

It's best to grow a few so that you can choose the biggest later on.

It's going to be a long job – you need plenty of time to grow your whopper.

But when you have you can bring it to

The Pumpkin Pandemonium Party at Maia Lane Community Centre on 31st October

When all the pumpkins will be weighed and judged.

The main aim of the competition is to have a bit of fun.

However any money raised on the day will be donated to Loverton Hospice

Full details of the Pumpkin Pandemonium Party will be advertised nearer the time

However if you have any queries please contact Ralph English on *****

So do you think you are up to the challenge?

Could you grow the biggest pumpkin ever seen?

Then ***get going now*** and prove that when it comes to pumpkins –

You're simply the best!

And don't forget this isn't *Carrot Commotion!* It isn't *Turnip Turmoil.* It isn't *Radish Rumpus.....*
